

Sustainability in health and care

04 Nov 2015

Where do we start? We're gathering pace writing our *Sustainability report – Health check 2016*. We're publishing it on 28 January to coincide with our Route Map event in London – [sign up here](#) to attend.

We haven't even finished one publication and we're planning another! The Sustainability ROI report - and we're looking for organisations interested in helping us number crunch for it.

Our fantastic Head of Unit Sonia has left us (although she will be helping us for a while yet!) however we're pleased to announce the equally talented Jerome Baddley will be coming on board to join the SDU from January.

Details of all this and lots more below - thanks

The SDU Team
